to be poured out in service to God.*

# Suitcases for Kids

Foster kids are often asked to move their belongings from place to place in a trash bag. While the pain a child experiences during a move cannot be eliminated, we can at least make things a little brighter by providing suitcases for these kids.

The small group ministry is now collecting small to medium rolling suitcases to help local Chaves County kids going into the foster care system. Suitcases can be new or used, but should be clean and in good shape. If you would like to donate, get with your small group leader. If you wish to donate a suitcase and are not in a small group, you may drop them off in the church office. The cases will be dropped off at the local CYFD office on April 5.
