PARTICIPATION GUIDE

~Growth Discussion Questions~

Central Idea: What if we used the 10 commandments as our filter for making decisions in our life.

Read: Exodus 20:3

1. What does our life actions say about who we place as priority in our lives?
2. Chris said "God is not just priority number 1, He is the only priority." What does this mean? What do life actions look like that might reflect this view?

Read: Exodus 20:4

1. Normally when we reflect we ask do we have material possessions we place over God. But can this also mean making God into something He is not? What would be a good example of making God into something He is not.
2. Have you ever been presented with a Jesus that did not line up with the Jesus of the N.T.? What did that "new" Jesus look like?
3. Have you ever unintentionally misrepresented Christ, only to realize you had added or subtracted something from Him? Can you give an example of the journey from the wrong view to the correct view?
